

Add an e-mail account on Mac

1. Open the mail app and go to preferences

2. At the bottom of the window that opened, click on the + symbol to add an email account

Multiple options of account creation will show up.

3.Click on « other mail account »

4. In the window that opened, enter the following information:

- 4.1 Your name, as it will appear when you send emails
- 4.2 Your email address: prenom.nom@ens.psl.eu
- 4.3 The password you have chosen with the administration or the IT department
